To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, April 12, 1927.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

Foreword
and an invitation

There is always an interest and fascination in buying coins at auction which adds to the pleasure of collecting as no other agency does.

Here you are your own judge, more or less, as to values. And when buying at the sales of long-established and responsible dealers, you are always assured of good values, fair treatment and, of course, satisfactory service.

In this, my last sale of this season, I offer a most interesting assortment of numismatic material, representations of almost every series of numismatics, particularly rich and plentiful in the coins of America, but with fine representations of foreign coins in gold, silver, copper and even platinum.

So, that whatever your numismatic inclinations may be, you are sure to find something of interest to you in this Sale. I therefore invite your bids for this Sale, and promise you in return satisfactory service based on more than twenty-five years of success in the numismatic business.

AND—one of the many advantages you have in bidding at this Sale is that **no commission** is charged you for buying. You can use this saving in buying more coins.

Prepare and send your bids promptly, please.

[TRANSLATED]

¶ My wish is that my Drawings, my Prints, my Curiosities, my Books—in a word, these things of art which have been the joy of my life—shall not be consigned to the cold tomb of a museum, and subjected to the stupid glance of the careless passer-by; but I require that they shall all be dispersed under the hammer of the Auctioneer, so that the pleasure which the acquiring of each one of them has given me shall be given again, in each case, to some inheritor of my own tastes.
